

 norwex®

live cleaner, safer, better.™

2025 / 2026

A promise you can count on

As we welcome 2025, we're thrilled by all the promise it holds – the promise of limitless possibilities through products designed to help you reduce harmful chemicals and single-use waste. We also offer a unique business opportunity with purpose and community – plus flexible income based on your time and effort. Our Core Values of integrity, trust, respect and kindness guide Norwex Consultants as they grow personally and professionally. For more than 30 years Norwex has been helping families like yours live cleaner, safer and better. If you'd like to learn more about being a part of this mission, just ask the Consultant who introduced you to us. We promise, you'll be glad you did.

Beate Hjeltnes,
Global Chief Executive Officer and
Chairperson of the Board

Co-Founder

Home Care

The simple power of microfiber, water, plants and enzymes bring a faster, more effective and sustainable clean.

Family Care

Pets are family, too!
These new products keep them looking, feeling – and smelling – great.

Personal Care

Discover healthier-looking, younger-looking skin plus refillable, earth-friendly packaging. Safer for you, safer for the planet!

The Norwex microfiber difference

Incredibly dense. Impressively powerful.

Instead of using chemical cleaners, our densely woven, superfine Norwex Microfiber uses mechanical cleaning to physically remove dirt and up to 99% of bacteria from surfaces with water alone.

Our superior quality fibers physically remove debris and **up to 99% of bacteria from surfaces** using only water.

The self-cleaning effect lasts for 24 hours. The BackLock silver microparticles embedded in the antibacterial microfiber use their self-cleaning properties to help keep the damp cloth clean for longer, reducing mold growth, bacterial multiplication, and the fabric's unpleasant odor.

Saves time and money. With Norwex microfiber, you can save up to 500 EUR per year on cleaning products and reduce cleaning time by half.

Easy to maintain. Thanks to the BackLock properties, the cloth won't need to be washed as often. Between cleaning sessions, simply rinse it in warm, running water and hang it to dry.

*By following the care and usage instructions.

Care of Norwex[®] microfiber cloths.

- For gentle cleaning of microfiber cloths, use Norwex dishwashing liquid. Rinse thoroughly in warm, running water and allow them to dry by hanging or placing them in the dryer.
- Wash microfiber cloths separately from fluffy laundry. Dry them completely.
- For better results, use Norwex laundry detergent or powder.
- For deeper cleaning of microfiber cloths, use Norwex Microfiber Cleaner.
- Use a rubber brush to remove dirt from mops and doormats before washing.
- When washing microfiber cloths, do not use bleach, fabric softeners, or dryer sheets. These substances coat the fibers and reduce the cloths' ability to clean effectively.
- Do not use microfiber cloths (except for the Norwex optical cloth) on surfaces with an anti-glare coating.

When damp, Norwex microfiber will remove stains and clean dried or stuck-on dirt.

Before use, check the surface by gently cleaning an inconspicuous area to ensure there is no special coating that could be damaged.

Why Norwex is cleaner and safer

Environmental Working Group

EWG Verified® was created to make it easier for everyone, everywhere to find safer, healthier consumer products. The EWG Verified program ensures that brands formulate products using ingredients that have been tested for safety, are free from EWG's chemicals of concern and are manufactured according to the strictest criteria for transparency.

RECYCLED

Save time and money and help the earth. With Norwex Microfiber, you can eliminate harmful, chemical-laden cleaners plus all those single-use disposables like paper towels, floor pads and wipes. That's great for the environment and your budget. Look for this symbol denoting products containing recycled content. They've saved millions of bottles from the landfill. And with no more lugging around totes or switching cleaners for every project, you'll save a lot of time, too.

STANDARD 100 by OEKO-TEX®

When you see OEKO-TEX® you can be sure that every component – from yarn and dyes to trim and label – has been certified free from harmful substances.

Enzyme- and Probiotic-Based Cleaners

Your home is no place for harmful chemicals – that's why many of our household cleaning products are enzyme- or probiotic-based. These natural elements not only work quickly and effectively to break down soils, stains and odors, they provide a better clean, free from harmful chemicals, so they're safer for your family and the environment.

The Carpet and the Rug Institute

The Carpet and Rug Institute (CRI) Seal of Approval (SOA) program is the carpet industry's only scientific program to test the effectiveness of carpet cleaning products based on colorfastness, pH level, rate of resoiling and more.

Norwex BacLock®

The Norwex BacLock® registered trademark indicates that the product has antibacterial properties, and the silver agent embedded in the fabric helps keep it cleaner for longer by reducing mold growth, bacterial proliferation, and unpleasant odors within 24 hours. It helps maintain the fabric's cleanliness and freshness for an extended period, allowing for less frequent washing. Between washes, simply rinse the cloth thoroughly and allow it to dry, and it will be ready for use again. BacLock® contains silver sodium hydrogen zirconium phosphate.

USDA Certified Biobased

Look for the logo. USDA Biobased Certification indicates that a significant percentage of the product is derived from plants and other renewable agriculture, marine and forestry materials. To date, 32 of our products (and counting) have earned the United States Department of Agriculture's Certified Biobased label – high-profile recognition given only to products that contain a USDA-verified amount of renewable biological ingredients.

OceanBound Packaging

The OceanBound label on our 12-ounce bottles indicates they're made of plastic waste that was at risk of entering the world's oceans. This is plastic that for whatever reason had fallen outside normal collection processes and was in danger of becoming a part of the 9 million tons of discarded plastic estimated to flow into our oceans every year. Bottles made from OceanBound Plastic are completely recyclable in most municipal recycling streams.

TOP products

There's no need to use chemical-laden cleaning products or waste paper towels. Our powerful microfiber is the safest solution for families and the best choice for the environment! Use it wet or dry.

BacLock* helps keep the cloth fresher longer.

*BacLock is an antimicrobial agent solely intended to protect and self-clean the cloth by inhibiting growth of odor-causing bacteria, mold and mildew. BacLock does not protect people from disease-causing pathogens.**When following proper care and use instructions. ***Based on a comparison of Norwex Microfiber products to 18 retail brand cleaning products, 2020.

WINDOW CLOTH MITT

Take control of dirty windows, mirrors and more! Tightly woven Norwex Microfiber polishes shiny surfaces to a sparkling shine fast, wet or dry. Middle stitching and double-sided design provide control and flexibility, plus a handy foam layer adds scrubability.

59,99 €

With the first 4 strokes, 85% of dirt is removed.
Dirt is not tracked in!

Floor cleaning products that made me become a Norwex consultant. I am extremely satisfied; for the past 6 years, I've been able to clean my floors with my Norwex floor sets. Yes, you read that right, I have several of them. The small set is very handy when the kids help out, I use the large one for myself, and I use the XL size when cleaning larger spaces – that's when I enjoy how, with just a few strokes, I can often wipe and wash the entire floor. By the way, the dry mop is also great for wiping down walls and ceilings when I notice dust webs have appeared again. Have you already tried this mop application?

Evelina Spröge, Norwex customer from Latvia

OUTDOOR BROOM ATTACHMENT BacLock®

Great for sweeping away everything from dirt, leaves, pebbles and twigs to small branches and rocks. It's made from recycled material in a solid resin block that won't warp or rot. Use with our Telescopic Mop Handle and adjust length to fit your needs.

BIOZYME™ DISH SOAP CONCENTRATE

The natural power of enzymes at work! This plant- and enzyme-based dish soap concentrate completely breaks down food particles, fats, stains and more – leaving dishes sparkling clean and your hands soft and moisturized. It's super convenient as you don't need to fill a whole sink to wash a few dishes.

Contains biodegradable ingredients that make it better for the environment and for your family.

USDA certified 100% biobased content from plants and other renewable sources.

Typical dishwashing liquids may include harmful chemicals, such as ethanolamines (DEA, MEA) and phosphates.

Some ethanolamines are known to be carcinogenic while phosphates, although found in nature, can disrupt an ecosystem when introduced in a concentrated form.

Enzymes are a much safer, but equally effective, way to target and dissolve baked-on food and stains.

When placed in the elegant case, it will be easy to store and take with you in your bag!

I have been wearing glasses since childhood, and caring for them has always been a constant challenge. The Norwex optical cloth makes this tiring task very simple. Thanks to the fabric's properties, it cleans my glasses perfectly. In addition to glasses or sunglasses, I can also clean my phone, computer screen, and camera lens. The optical cloth is attached to a carabiner, which can easily be clipped to my bag. This way, the optical cloth always stays with me as a beautiful accessory. I no longer have to worry about dust sticking or scratching my glasses. I highly recommend this product to everyone!

Achieve smooth, radiant, and beautiful skin with the body wash mitt! The mitt comfortably fits your hand and helps remove dead skin cells. One side of the mitt is made from soft fabric, while the other is rougher. The wash mitt is made from BacLock® microfiber, and thanks to this unique technology, the fabric reduces the growth of bacteria and mold. The fabric dries quickly and won't develop an unpleasant odor.

19,99 €

LYSERE™ PREBIOTIC DEODORANT

An effective, natural deodorant with aloe vera, witch hazel extract, and charcoal that absorbs sweat. Prebiotics reduce body odor, while enzymes help break down odor-causing compounds. Antioxidants effectively maintain skin health. Provides freshness for up to 48 hours. Dermatologically tested, hypoallergenic. Contains ingredients derived from shea, palm, and coconut nuts.

64 g

600248 – lavender/coconut

22,99 €

CRYSTAL DEODORANT

Made from natural salt crystals, free from chemical ingredients or fragrances. It prevents bacterial growth and stops unpleasant body odors without blocking the skin's pores. Wet with water and apply to underarms and feet. Hypoallergenic, leaves no stains, and won't stick to clothing. Does not contain triclosan!

75 g

403600

13,49 €

I have been using the mountain crystal deodorant for several years. Unlike others, I like that it has a neutral scent. Additionally, it lasts a long time, so there's no need to buy a new one frequently. The deodorant also doesn't leave any stains on clothes, so I don't worry about accidentally ruining a valuable shirt due to a mark from the underarm area. Just be careful not to drop it or let it break, and if it gets wet, make sure to wipe it dry to prevent it from separating from the base over time. If you follow these precautions, this deodorant can really last a long time.

Andris Taubers, a Norwex customer from Latvia

Northern natural ingredients and a simple care routine will help you look more youthful.

USDA Certified Organic Products

This certification indicates that the product's ingredients are sourced from renewable resources such as plant, animal, marine, or forestry materials. The use of renewable organic materials helps eliminate the need for non-renewable petroleum-based chemicals.

Safer Ingredients, Cleaner Formulas

We take just as much care with clean ingredients as we do with the results you get from them. Our rich Northern antioxidant blend fights daily stress factors; probiotics support your skin's microbiome; and moisturizing glacier water enhances your skin's pH balance. The result? Flawless perfection for every skin type.

1 ILLUMINATING OIL

Protects and moisturizes the skin for a radiant glow. Formulated with 15 skin-healthy oils and Arctic cloudberry. Perfect for beard care and cuticles as well. USDA certified 100% biobased ingredients. Contains nut-derived ingredients (palm kernel, macadamia nut, coconut).

quality sleep and comfort

PILLOWCASES AND SHEET ^{BacLock®}

The pillowcases and sheet are made from Norwex BacLock® microfiber with an antibacterial effect, which, thanks to its self-cleaning properties, keeps them fresh and clean for longer. For individuals suffering from acne, it reduces the likelihood of skin irritation and inflammation during sleep, as the pillowcases and sheet do not provide a favorable environment for acne-causing bacteria or other harmful microorganisms to grow. This bedding is so luxurious that you'll forget how functional it really is! You'll love the exceptionally smooth fabric and the new gray color that will fit perfectly into any interior.

Small Towel

Large Towel

If you sometimes skip bringing a towel to the gym or on trips because it takes up too much space and is too heavy, you don't have to worry with the Norwex compact towel. The towel is thin, lightweight, and folds neatly into a convenient pouch with a zipper. There are two sizes to choose from. The material is soft, highly absorbent, and dries quickly. It's perfect for any activity, sports, the beach, or hiking. It fits perfectly in even the smallest gym or travel bag. It saves valuable space in a camper, on a sailing trip, or during a long car ride.

Children will find it easy to use during training, at the pool, at sports camps, or on hikes. It takes up little space, dries quickly, and is ready to use again. Enjoy active moments with the Norwex sports towel!

Triin Värk, Norwex Customer from Estonia.

BABY'S BATH BRUSH

This cute elephant brush gets baby clean while making bath time fun! Extra-soft and flexible silicone bristles provide a soothing massage for skin and scalp. Gentle enough for daily cleansing of babies' and toddlers' delicate skin. Helps reduce cradle cap when used on the scalp. BPA and latex-free.

Izmērs: 9,5 cm x 8 cm

KIDS OPTIC SCARF

These fun and adorable designs are perfect travelers for kids that are on the move. Cloths feature a charming character and folds back into the head when not in use – keeping it cleaner and ready for use. The soft, easy-to-use, static- and lint-free microfiber fabric polishes lenses to a sparkling finish for clear vision. Its compact and portable design allows it to be clipped anywhere, making it convenient for on-the-go use. Functional, cute and the durable fabric ensures it never wears out! Removes fingerprints and smudges effortlessly. Can be used on anti-glare surfaces like phone and iPad covers as a better alternative to harmful chemical sprays and disposable wipes.

305300 – dragon,
15 cm x 26 cm

305302 – unicorn,

BABY BIB SET BagLock® OEKO-TEX®

Drop and food – no problem! These Norwex Microfiber bibs are perfect for feeding time or as an all-day drool catcher, keeping your baby clean and dry. With two adjustable snaps, they can easily be resized as your baby grows. The double-sided and reversible design eliminates the need for plastic backing, promoting breathability and comfort. Bibs are machine washable – making cleaning a breeze for your busy parenting life and comes in a set of three so you always have a spare bib handy. They're an adorable and practical addition to your baby essentials. The cute packaging is ready for gifting and ideal for baby showers or welcoming a new arrival.
